I cannot wait for the new television show, 1833 to start. It is a prequel to Yellowstone. I'm not 100% sure that I care that Tim McGraw and Faith Hill star in it though. Anyone else excited for the new show?

I heard and read about it. It looks pretty interesting. I am not thrilled about Faith Hill either, but you never know, me might be pleasantly surprised :d

I have watched the first 3 episodes and I love it! Faith plays a great part. I'm not 100% sold on Tim yet, but Faith is great. I won't give too much away but it's great!

Yeah, I'm not sold on it either, JB. Faith is good, but I'm not a fan of Tim's acting. I wonder if the show will affect their relationship? We've seen many celebrity couples fall apart after working together.

I don't know if it will affect their marriage. It is kind of cool that they are acting together. They sing together at times and I think they was okay.
I thought there was a new episode out and I went to watch it last night and was bummed because there wasn't.

I am also watching this and I think it's great! I love that it is narrated from the daughter. The more episodes I watch, the more I love it! I think both Faith and Tim play great parts.

I watched the whole first season this week. This week's show was a horrible teary-eyed mess! I literally cried at least three times! I loved the show and can't wait for more.

Tim is a pretty good actor, but I can't speak to Faith. I've never seen her in anything. Maybe they have both taken more acting classes together and got better at that.
