You know the phrase the best thing since sliced bread. Turns out Otto Rohwedder created auto bread slicing machine.

So we could be saying, "best thing since Rohwedder!"

Nah, doesn't have the same ring. Sounds too much like "best thing since raw weather." :lol:

If it means we need to say best thing since Rohwedder and not best thing since slice bread, it doesn't sound right at all in my ears. Rohwedder invented the machine doesn't mean we will start saying the name, it sounds awkward. Lol
