We have a pair of Wharfdale E70 floor speakers in walnut frames. They may need to be reconed (paper cones). These speakers are approximately 30 yrs old.Question: Are they worth re-coning? Or would we be better of buying something new?

Call David Miller at Speakerworks, 918-664-6299 or 800-526-8879. If there is a recone kit or an acceptable substitution available, he'll know.
