Here is the list as promised. Ron Carter - The bass and I (Blue Note) Ron is a jazz bassist of the highest order. Peter Mulvey - Rapture (eastern front records) A great folk singer and guitarist. Jaco Pastorius Big Band - Word of Mouth Revisited (Heads Up) Jaco is brought back to life with a kickin' big band. Russell Gunn - Ethnomusicology, Vol. 2 (Justin Time) Jazz meets hip hop. It isn't subtle ... yet it is. Chumbawamba - Tubthumper (Republic) "I get knocked down, but I get up again..." Best of Ella Fitzgerald and Louis Armstrong (Verve) Absolute joy. Please add your music!
