Have you tried posting on the Altec Users Forum. He usually replies pretty quickly. Within a day is common.

Greets!Posted on pg.2 of the linked thread, with corrected T/S specs in last post:Steve Burger Senior Hostboard Member posted April 29, 2005 02:25 AM 29, 2005 02:25 AM ----------What's the big deal? The Iconic 704 is an upgraded and improved 604k. End user price is $715 each. I have a set of NOS 604k's in my Stonehenge boxes. I will be replacing them very soon with the Iconic's.
