There is a very comprehensive discussion going on at the Joelist concerning Onken Cab designed bass units. Supposedly they are very good sounding which is something not said lightly over there. You might want to take a look. Uses Altec 416's.

AK is AudioKarma, another audio forum. Here is the URL <http://65.219.61.150/forums/> It is a good forum but a lot more traffic and all that goes with that.
