I haven't decided yet. But if I come on the motorcycle, then I won't bring anything.

I've had a change of plans. Alona wants to come, and doesn't want to ride on the motorcycle. So we'll come in the car and I'll throw a few amps in the back. I'm not going to lug any speakers this

trip, but I'll bring some of the amps from GPAF, in case anyone wants another look. Those were the Nelson SE8, Stoetkit and ProFet. I don't think I'll bring the Audio Note amp this trip. David Cope has said he plans to send some Audio Note equipment for one of the next audio club meetings, so that will give people around here a chance to hear Audio Note gear next time.

Anyone take any pics or penned a writeup? I stopped by to drop some cables off for Wayne to send off just as it looked like you guys were setting up the ProFet amp...but I had to fly!
Arghhh!Regards, Lee

It was a great time and Jim and his wife were absolutely wonderful hosts. Hopefully someone took some pictures and can post them, 'cause there were about 30 people there and at least that many pieces of equipment. I went just to relax, and made a little mini-vacation of it so I didn't take any pics. I hate my camera's lack of focus on close-up shots anyway. But there was a lot of really great hi-fi gear there, and Jim has about a zillion old tube radios too. I enjoyed being there

immensely.
