So now you need a project that uses the FE166E's. May I suggest the link below. Your wife said she would be thrilled to have these in her house.  
Jim's Next Project

Nice document. I like the part about the freq curves...helps provide an intuitive understanding of how horns work. -akhilesh

Fred ---I've rented a flat bed truck so I can set them up in Akhilesh's living room on the 19th (his wife will be gone for the meet) but we have to take up a "bail collection" so when the cops show up at his house the least we can do is get him out of jail after the audio meet Jim
