Have bought a new home and have lots of room and will invite everyone to come over in October if nothing else is set up---I'll have a new amp and speakers and will have lots of room for others to bring some hardware too---Jim Denton

I'm game. We've been kicking aroud the idea of a get together, so now's the time. One thing - The Prosound Shootout is October 14th, so I'd rather not have another event in the first couple weeks of October. I may be busy getting last minute details together. I'd vote for making the GPAC meeting be in September or after October 14th, if possible. And be sure and come to the Tulsa Speedway on on the 14th for the Prosound Shootout too!
