Don't get me wrong, not that big a deal as the welcome back message let me know my last visit was 3/21, LOL! But I went to research tweeters and was greeted with a combo of "Outside" and "Whiners Woad"! Politics and Polemics. Maybe Katrina finally politicising the complacent is a good thing but I already marched on the Pentagon and want audio on audio boards. I guess I've become my grandfather.....

HA! that's why I don't moderate anymore. It's just so nice to relax and just read. If you don't like what you read, move on to another thread

I usually just don't participate in political discussions. Sometimes I'll respond, but usually not. I prefer to stick with technical themes.
