I'd appreciate any advice about where I might obtain speaker cloth for a Wards Airline Console Radio I'm refinishing. The model number of the radio is 04BR-730A and I believe the radio is a 1940 model. Many thanks!

You can find grille cloth assortments at both Antique Electronic Supply and Parts Express. You should replace the cloth rather than patch it, so pick whichever style you like. There will probably be some that are very close to what you have, as well as many other styles and colors to choose from.
