Subject: Wards Table Radio/Phonograph, Value?

I have a Ward's Airline model WG2753a that's in great condition and works wonderfully. I am wondering if at least the amp might be worth something or useful in for other applications. It's a stereo model with auxiliary RCA inputs and external speaker outs. I also need a few new switches for it as is, there is some corrosion on two.

The biggest value is intrinsic. They can be purchased inexpensively, but to me they're cool like an old car.
