While an argument can be made for Marshall (Taste is subjective) I think most Marshall purists would balk at the amp you chose to picture. It looks pretty new and new Marshalls are notoriously crappy. Is that thing even tube? Why not picture a JCM800?

100 % true! Mesa Boogie - best amp ever. Any "tube" guitarist, should read any Mesa boogie owner's manual. You can download it on www.mesaboogie.com LEARN ALL ABOUT TUBE AMPS...I use Mesa Boogie Nomad 55 Combo (1x12) and Ibanez John Petrucci Model, HOUSE FULL OF TONE!!!
