I was diggin' the CDs Jim Rivers brought. I forgot the names, but Melissa wrote them down so we can pick 'em up when I come back to T-Town. What were those CDs, Jim? 'Spose I could make a few clicks on Amazon and get 'em coming.

As Shane said it's a benefit album and the proceeds will go to Habitat For Humanity to help New Orleans residents rebuild. It features artists who have some connection to New Orleans and includes several music styles. This disk is very well recorded.

In Mark's Audio Note room, we heard a cd from Brian Bromberg called Wood. I think everyone else who heard it wanted to go buy it right there. Amazon.com has it used for $3.
