I was told there were good speaker plans here but I dont see any. Can someone point me to where I can find speaker plans? I am looking for speakers to put in dance clubs from 50 to 500 people. I could have some outdoor events too.Thanks,KevinMechElec Sound

Two sponsors here do prosound speakers: Bassmaxx and Pi Speakers. I don't know if Bassmaxx does kits or DIY but I know Pi Speakers has free plans so check there. You have to write to them directly for speaker plans or ask on the forum. Also check these places:http://www.pispeakers.comhttp://www.speakerplans.comhttp://www.speakerstore.nl/index.php?pg=6http://www.geocities.com/loudspeakerguru/http://www.users.bigpond.net.au/ggoodacre/centauri/diy/
