The song in this commercial has me stuck and crazy!I have seen a few times a Voom HD Network Promotional commercial. It has cut scenese from various movies and shows. There's a song that's played with it, song by a male and I cannot find it. Here are some of the lyrics that I have found:Well I can see you had a rough day baby,Well maybe I can loosen you up.And I can see you need a refill baby Well maybe I can fill up your cup.And if we hear a slow song maybe we can hold handsDancing til the song ends then we'll look upAnd if our eyes meet, smiles crack and arms don't fall, Then we'll both know that we're gonna hook up.And all the while it was you, it was you and your smile, that carried me from day to dayGive me one reason if you've got one reason, said there ain't no reason that we shouldn't get together tonight.Give me one reason if you've got one reason, said there ain't no reason that we shouldn't get together tonight

The dude that sings this song is Adam Kling. This is such a catchy song and I love it. I like the older feel that it has. Here is a link to the song if you want to listen to it.
