Relaxin' to some "Rock and Roll Hoochie Coo", by J. Winter. BTW it's playing through my new pre-amp "Guinevere", just a little hum to track down, it follows the Pot setting so should be easy. Wheeew!

Ben Andrews is new to me; I will check it out. One odd thing on the pre; after turn-off there was a pretty loud growl that slowly diminished over about 6/8 seconds. Peculiar.
