oh im dead serious about my decision on the 901s. If its too good of a deal to pass up i should be out of these altecs pretty soon. Again i am not bashing any other speakers in here just thought someone might be interested in these.

Hope you got a big truck to move them. They barely fit in my mid-sized. I think Zincman moved his in a minivan, sans seats....Colin

Everybody's going to A7's. I feel like a heretic. Maybe I need to repent my sins, build a new set of cabs and try to buy back some of my Altec stuff.
