Remember how I bought and built the Audio Note 300 B and the Welborne 45? Compleetd it last month. Sounds great. Looks great. Antique cherry finish.Has that performer-in-the-room- thing, astonishing separation of instruments and really clear. deep bass.I'm a wage slave and one had to go.$1100 WITHOUT tubes. takes pairs of 5AR4's and 6N1P's besides the 45's.Check my feedback on Audiogon where I'm known as Kitch29.
