Hello,I have a lot of drivers that were going to go into a line array but that has now changed so all is for sale.(16) Fountek CD2.0 Ribbons(12) Dayton Reference RS180 7" WoofersThese would be great for use in an array. Rick Craig will be developing an line array using these very drivers very soon!$1650 plus shipping.All drivers are brand new and this price is more than 25% off.Thanks
