Hi, what can you tell me about this TEAC AG V8520. Why have you had it in storage so long? What ball park figure are you looking for. Thanks, Jean

Sorry for the long delay. My daughter installed a new 5 speaker completed surround system, I use a Technics (vintage) SU8600/St8600 for my personal listening. I would need $40 plus S&H. Thanx much, Chuck
