Beauhorn Virtuoso horn speakers - Lowther DX4 drivers - 106dB. Pair with matching plinths (air filled). Bought from manufacturer Oct 2001, ex-demo model. Cabinets lightly worn and marked in places, have to look close. Overall spec good - see photos. Lowther driver perfect condition. Original packaging. Price 4,000 euros or nearest offer. Shipping will be very expensive, the original packaging is huge. Rough est 400-900 euros for Europe. Ask for quote if you are serious. Or come and see speakers and pick them up if you're close by.
