I'm cleaning out a few drivers and horns.  Let me know if you're interested.  Each is used, but in great shape.  None have been abused, all can be considred like new.(2)  Eminence Magnum 15HO - $100.00 each(3)  Peavey CH-3 horns - $20.00 each(2)  Eminence EM2039 compression driver - $20.00 eachNote:  The EM2039 was Eminence's predecessor to their current models.  It is a 1" exit driver similar to the PSD2002.  They look and sound very much the same.
