Price reduction. Electro Voice SP15 15" full range drivers. Very nice condition w/ huge Alnico magnet motors. Chrome baskets. These were 16 Ohm but after professional recone using correct EV kits, they are not 8 Ohm. These were done by Metro sound in St. Paul MN less than 1 year ago. They are a EV and JBL authorized reconer. I would be glad to provide photos to those who request them. They will be off to ebay soon. SP15 reconed pair \$400.00 SP15 single original \$175.00 Thanks, Ron
