Hey everyone,I noticed a little further down on the board that there were some suggestions as to where to find the best deals on parts. Just to let everyone know, Antique Electronic Supply ([www.tubesandmore.com](http://www.tubesandmore.com)) has the PSD2002 driver on closeout for \$47.30 each. That's where I got mine, and the have very prompt and friendly service.Mike Borzcik
