hi gang, my theater 7 pi's are now living in the garage (i now have the worlds loudest garage system) since i completed my 4 pi's. i have no room for storing my xj12, maybe i'll just weatherproof them and use them as my outdoor speakers. if i turn them up loud enough i won't hear the neighbours complain anyways:).hey wayne, wanna race?george

You certainly do have one heckuva big garage stereo! If you need to make room, I'll store that XJ12 for you. [grin]
