So far, its just music, I am open to suggestions on shows. (pre-recorded) whether it be educational lectures from the audio shows or other things that might be of interest to our friends here on ART. I personally like AM Coast to coast and am going to check and see how to go about being able to air a show or two. So if you have any ideas please let me know. Melissa

In addition, it's not boring to listen such thing. I'll surely learn a lot of things. It's good to have more fun and excitement.
