Are any of you still watching (if ever were) American Idol? It doesn't seem to be as popular as it was in years past.And where are these "Idols" from past years, except for Clay Aiken, the girl from Season 1 (brain freeze). I don't hear much music from any of the others.Geoserv.

If you want to know the truth, I think the show sucks major now. I loved last season but now I don't even keep up with it because It's starting to not be about talent but the "look." They can have this last season.

I used to watch the American Idol. I can say that the previous batch are more lively and energetic compared to the current batch. It's a little bit boring this year.

You must not be a true music head. All of them are making music. even the ones who didn't win have albums out right now. Some have acouple of videos as well. Kelly, ruben, fantasia all have current projects out right now. It's more or less about how well they are doing.
