Hi Mr.Parham,I just stumbled into your website and im really interested in your speakers. Are there any plans available foe the ten or the seven Pis. I plan to use them in a Disco and in a live music system. I have a lot of EV speakers in stock 15" DLX and 18" DLX. Does it make sense to use them or should i buy new speakers (Eminence or JBL)?Thanks a lotSteini

Just decide which speaker you want to build, tell me and I'll send you the plans.
