Brad Baker just confirmed that he will be at the LSAF with his Hawthorne Audio Silver Iris open back speakers and his Trends TA-10.1 class D amp. I've heard good things about the SI's and look forward to hearing them. See the link to Hawthorne Audio below:

I'm dying to hear details. I don't know of any audio shows where the SI's have been displayed.
Dave

Likewise. I built the baffles for Brad's SI's but still haven't had an opportunity to hear them. I'll bring "The Coming of Spring" CD with local artist Cliff Moses playing traditional Irish music on the hammered dulcimer, and we'll see what the Silver Irises can do:)
