So what does evryone think about this whole Imus situation? I'm sure we have people here that fly on the opposite side of both fences. I figure he said what he said and he got fired. But I feel that they only fired him because they would have gotten ridiculed about keeping him. After firing him, they went and hired his wife, what does that tell you.

Subject: Tower, Dungeon?

Interesting topic, but it really belongs in the Tower or the Dungeon.
