In light of Garland's pictures of his beautiful Pi'sIt would be really neat to compose a collection of
Pi pictures, organized by model of course. I don't have a whole lot of time to go digging around,
but if people just email me any pictures or links to pictures of Pi Speakers they have built or seen,
or whatever, and the model name, I have a site I could whip up a little page on to host em. Send
em if you got em.Thanks
