hey gang, Mike Baker has done a first class job pulling this event all together. it has been a lot of fun for everyone, with lots of great stuff to listen to and look at. A great place to be, here at Lima OH, where Pi speakers ruled the theater. great chance to meet lots of good people. not looking forward to the drive home tomorrow! Bill

Thanks for the word - I've heard lots of good feedback on your wood horns too. The word's out - Everyone likes them!

I heard some "small" Pis in the theater the 1st day, they had all Eminence drivers and horn and they sounded VERY nice, I was impressed. The speakers belonged to one of the famous "Canadian Guys". I mentioned to one of the other Chicago guys that Wayne has never been averse to "talking the talk" and that now I know he also "walks the walk". I scored a super-clean Fisher SA-100 amplifier for only \$275, it sounds nice, very nice. I am pleased.

Thanks for your kind words. It's good to know I've got a friend in the windy city. Sounds like quite an experience was had by all.
