Subject: no more cheap 2035's, all the 4638's are gone Posted by Sam P. on Mon, 06 May 2002 11:30:59 GMT View Forum Message <> Reply to Message

from JBL's tent sale list :(I had planned to order another, and use the drivers to build some 10 Pi's while my wife is out of the country (and my hair!). Found out recently JBL used a 3rd order filter at 1.2kHz. with the 2035 to control it's rising response. Sam
