Hi. My friend and I were going to build a pair of the PI loudspeakers, but hes unsure which ones he wants to build. Can we stop by your business sometime to check out all your speakers? We live in Tulsa, so the drive would only be like 15 minutes. Thanks!

Sure, come on by. Call me and we'll pick a time to get together. How does Sunday sound?

I dont think Sunday could work. My friend has to work I believe. But Tuesday or Thursday before 5:30pm or after 8:30pm would work. Thanks a bunch. If those times arent convenient, we can set up another time.

After 5:00pm today, my friend and I can come by. What is your phone number so I might call ahead of time. Is today still ok for us to come by?
