I hope everyone has a fun filled and safe holiday, hopefully four days long and filled with music! I know I am going to hava a blast listening to a new pair of 2 Pi's I helped a friend build for the measily price of a few days listening on my system. And My Paramour amps are sounding awesome with new oil caps and the prospect of installing the Magnaquest cobalt output transformers is killing me with anticipation. I'll post a 2 Pi / 2A3 review shortly!GarlandPS Wayne, my friend LOVES the 2 Pi's! He was skeptical at first but now is thoroughly Wowed!
