Greetings, all! After discussing a local audio get together with Wayne, I offered to have it at my place and aim for 12/8 as the date. This time of year it will be hard to find a weekend that works for all, so I hope this will be good for the majority of folks. I'm thinking meeting from 1:00 to 5:00 or so. I have kind of limited room for equipment, but if you'd like to demo that new project of yours, bring it along. I'll warn you against speakers however, since I live on the 3rd floor of a building!If you can make it, please drop me an email for address and phone. Steve Brown
