A man was telling his neighbor, "I just bought a new hearing aid. It cost me \$4000 dollars, but it's state of the art." "Really", answered the neighbor, "What kind is it?" "Twelve thirty."Morris, an 82 year-old man went to the Doctor to get a physical. A fewdays later the doctor saw Morris walking down the street with a gorgeousyoung lady on his arm. A couple of days after that the doctor spoke to theman and said, "You're really doing great, aren't you?" Morris replied,"Just doing what you said, Doctor: 'Get a hot mamma and be cheerful.' "The Doctor said, "I didn't say that. I said you've got a heart murmur. Becareful."Just a reminder, it's dangerous in here:) Sam

That was fun!By the way, you gotta ride in the Olds.....New window trim acts as hearing protection for the guys inside. I probably shouldn't be "such a kid" and should get some quieter pipes. It's got three-chamber mufflers now, but it's still pretty loud. Cool looking headers though - Jet coated silver and sticking out the wheel well, visible for all to see. That and the nine-inch Ford rear end and Centerlines kinda give it away - I originally intended for it to be a sleeper, and it still is to some extent. But the extras betray it. Now with the roller cam, it's screamin'!!!
