Wayne, Your comments on the 10pis with the paramourshave caught my attention. Could you send me theplans. Can these be used with their backs againsta wall, or do they need to be out in the room?I have the space, but I'm curious about that, given the design environments for the 7s and 4s.thanksSkip Pack

If you'll send me your E-Mail address, I'd be happy to send you the plans. And - Yes - They work well against the wall, in fact, better that way.
