Since I'm in the throes of quitting smoking, I've done no woodworking or speakerbuilding or electronics for the past two weekends -- can't concentrate, get frustrated and nasty at the least little thing. Hopefully, I'll get the Theater 4s out of the garage and into the house this coming weekend. Since a boy's gotta have something to dream about, Wayne, can you send me the plans for the Theater Pi 7's. I'm not sure I've got anywhere to put them, but I'd like to dream. I've got a good friend who's converting a barn into an art studio. Maybe a trade is in order . . .
