Hello Wayne!I am going to build another pair of the Two Pi Towers. I will need the plans again for cutting the holes, I think I can build the box dimensions from the ones posted on the webiste. I could do some measurments for the holes from the pair I have, but I want to be sure that I get it right as I did modify the boxes slightly that I built before. These I will try to make as specified.
thanks

I sent plans and a reply to your E-Mail to your Yahoo account. But it bounced. I'll also send to your old Hotmail account, but I'm afraid the plans won't fit. Please write to me again if you haven't received a reply.
