Welcome to the Movies and Music forum at AudioRoundTable.com! This is where we discuss performances, entertainers and production values. Here is where we talk about what we like and what we don't, and it's a great place to recommend your favorites or prevent others from wasting their time with the yawners. Don't be too brutal, please, as all the Audio Round Table forum rules are in effect.No spoilers please. That's an unofficial rule that will stand here. Let the people who haven't seen the film enjoy it without knowing the end or important details. We realize that sometimes makes discussion of a movie difficult, but isn't that half the fun?Enjoy!
