I don't know exactly when but I'm told that Comedy Central is about to show Doctor Detroit. Dan Aykroyd and Fran Drescher. A classic and not available on DVD, drat! You'll have to find it yourelves, I don't have cable or broadcast but a bud is going to tape it for me. Can't wait. A young Fran Drescher! Those lips, those eyes, that Voice!

Fran DrescherI found Fran Drescher on the internet so now I know who she is. I've seen a few runs of her sitcom show, "The Nanny" and I find her to be beautiful and funny. It just bugs the shit out of me when a girl is so cute that you overlook how annoying she can be.
