Hey Wayne, this is just to tell you that I am always impressed by your design. Every time I modify the slightest thing in my system these blessed speakers tell me exactly if I like the change or not! Sometimes the answer is not what I expect or hope for but evey now and then I really hit the big time. The latest round of mods to the Bottlehead Foreplay which shouldn't really be called a Foreplay anymore and the Paramours have produced the most beautiful sound yet! I have to admit that I never suspected that these beasts could get much better, they aren''t loaded with TAD, JBLs etc. but damn, if they aren't sounding as good as just about anything I've ever heard. What a synergy! Thanks again!Garland

Thanks for writing that, Garland. It really makes me feel good to hear that from you.Are you going to the Bottlehead meeting? Isn't that this weekend, or has it come and passed?
