---

I need the diameter of the baffle cutout for installing a JBL 2235 woofer. I can't find the vintage info on the JBL website. Has it been deleted? Thanks

Mounting information for JBL 22xx series 15" woofers  
Overall diameter 388mm (15 17/64")  
Bolt Circle Diameter 370mm (14 9/16")  
Baffle Cutout Diameter Front Mount 355mm (14")  
Rear Mount 359mm (14 9/64")  
Allow at least 76mm (3") clearance behind magnet assembly cooling vent for proper air circulation
