The Pi 8 seams to be what I am looking for but how small can the cabinet be made? Wayne, could you please send me the plans so I can get the overall dimensions and determine how the cabinet is built. Also, do the Pi 8 plans include plans for a midhorn? Thank you in advance, Eric

The Pi 8 is smaller than I thought it to be. Now I have to convince the wife that 26X32 is not big.Best regards, Eric
