The link to the Pi Speaker gallery that James W. Johnson posted in September doesn't seem to work.http://www.massivemaximumtheater.com/pigallery.htm gives up a 404, although the main page works fine. Nice system, BTW.Is the gallery down?Thanks,--Shannon

I don't know the status of James' gallery page, but you can see another copy of the collection of photos at www.PiSpeakers.com/DIY.
