Hello. I've ordered the kits for use with Bottlehead Paramours (3.5 W/C) but then ran across this old  
post.[http://db.audioasylum.com/cgi/m.mpl?forum=hug&n=9903&highlight=studio+Wayne+Parham&r=&session=Did I order the wrong thing? Will I have no bass under 80/90 hz? That would be dismal. Wayne?](http://db.audioasylum.com/cgi/m.mpl?forum=hug&n=9903&highlight=studio+Wayne+Parham&r=&session=Did%20I%20order%20the%20wrong%20thing%3F%20Will%20I%20have%20no%20bass%20under%2080%2F90%20hz%3F%20That%20would%20be%20dismal.%20Wayne%3F)
