My studio 2's are almost finished and they sound awesome. I have posted some pictures and a short review at my webpage: www.missouri.edu/~lnra54 Thanks to Wayne for making these speakers available at such a low price. Oh, and plz comment on improvements to my webpage. Cavernicola (caveman)

FireFly amp. It looks like an interesting project. And you have a lot of tube data and guitar amp schematics. Thanks for posting the link!
