I wanted to know if there are any owners of Pi speakers in the Hampton Roads area of Virginia. I plan on buying a pair shortly and would like to hear some before I purchase them. Brad

I'm sorry - I've been meaning to go through the customer list and see who's from Virginia and E-Mail them. But I've been busy as a bee and haven't made time yet. Lots of people don't ever visit the discussion forum and some only come around until after they've completed their kits. Since there haven't been any replies so far, I'll try to make time to contact a few off-forum.

Take a roadtrip to Ohio. There are several with different variations of Pi speakers here. Ron

Hi, BNAL. I built a pair of Pi Theater 4s last year. You are welcome to swing by my apartment in

Old Town, Portsmouth, and give a listen. I'm kinda busy this week, but how about next weekend? You can reach me at 672-2867. My phone is crapping out, so you might have to leave a message. Jeff
